Subject: RE: Centreville, IL sewage problems

Thanks Ryan. Let's touch base at some point tomorrow, if possible.

We have a scheduled call this Monday with Debbie Chizewer, Managing Attorney of the Midwest Office for Earthjustice, to talk about Centreville, IL about failures of its sewage infrastructure—leading to backups in residents' homes and yards.

Hopefully, I'll be talking with IEPA's EJ officer tomorrow as well.

Thank you Kathy for forwarding. The state has been the lead with East St. Louis and met with them in January related to sewer and overflow issues. Some of us in Section 2 are going to meet to discuss further later today.

Molly and Ryan,

Do you have any cases with the below? It's in Centreville, Illinois but I think East St. Louis, Illinois operates this area.
